

# INTERNATIONAL WORKSHOP TREATMENT OF THORACIC DEFORMITIES WITH 3D CUSTOM MADE IMPLANTS

**Meyer Hospital Firenze - Wednesday, May 8th, 2019**

Organisation: Pr. Antonio Messineo,  
with the participation of Pr. Jean-Pierre Chavoin

## PROGRAM

**8:30: Reception of participants, presentation of cases**

**9:00-13:30: Live surgeries**

**14:00-14:45: Light lunch**

**15:00-16:00: Focus on the technique "3D Implant for Pectus Excavatum & Poland Syndrome"**

Jean-Pierre Chavoin was at the head of the Plastic Surgery Department of the Toulouse University Hospital for 14 years, and President and General Secretary of French Plastic Surgery Society for 15 years. With over 800 operated cases, he is an expert in the treatment of chest deformities such as pectus excavatum or Poland syndrome with custom made implants, as evidenced by his latest book "[Pectus Excavatum and Poland Syndrome Surgery, Custom-Made Silicone Implants by Computer Aided Design](#)" (Springer).

**Free Workshop - Limited places**

**Registration required by Wednesday, April 10th, 2019**

**by filling out the following form, [[click here](#)].**
